**The Institute for Perception**

2306 Anza Avenue

Davis, CA 95616

Tel.: (530) 848 6008

E-Mail: Benoit.Rousseau@IFPress.com

**EMPLOYMENT HISTORY:**

- November 2001 - Present    **The Institute for Perception,  
Senior Vice President.**    *Davis, U.S.A.  
Richmond, U.S.A.*
- Project manager for client services:
    - Market research in the food, beverage and personal care industries.
    - Development of new concepts and products.
    - Design and audit of sensory evaluation programs and methods.
  - Organization of in-house seminars and short courses.
  - Development and publication of advanced modeling techniques and their applications.
- May 2000 - September 2003    **The Institute for Sensory Research,  
Director of Research.**    *Davis, U.S.A.  
New York, U.S.A.*
- Services in sensory evaluation:
    - Descriptive analysis.
    - Discrimination testing.
    - Threshold measurements.
  - Methodological research for sensory and consumer testing.
- October 1999 - October 2001    **Department of Food Science and Technology, University of California  
Research Associate.**    *Davis, U.S.A.*
- Development of new sensory methodologies.*
- Investigation of psychological biases in sensory evaluation.
  - Study of the interaction between seasonings and the sensory characteristics of wine.
- December 1993 - September 1999    **DANONE,  
Department of Food Science and Technology, University of California**    *Davis, U.S.A.*
- Research manager for the optimization of sensory discrimination methods.*

**PROFESSIONAL EXPERTISE:**

Sensory science consulting, fundamental and applied research in sensory science, short course organization and instruction, investigation of consumer needs, product development, statistical analysis, audits of companies' in-house sensory programs, project management, market research, category appraisals, advertising claims support.

## SELECT LIST OF PRODUCT CATEGORY EXPERIENCE:

**Food and beverages:** Snack foods, appetizers, condiments (ketchup, mayonnaise, mustard), beverages (malt beverages, distilled, carbonated and non-carbonated, coffee), dairy products, meat products, pizza, frozen desserts, chewing gum.

**Non-food products:** Soaps and facial cream, body lotion, hair care, body wash, skin whitening, shaving, tobacco products, fragrances and air care products, home care (furniture, floor, laundry, glass).

## EDUCATION:

1996-1999	<b>University of California,</b> Department of Food Science and Technology. Ph.D. with emphasis in Sensory Science and Psychophysics.	<i>Davis, USA</i>
1990-1993	<b>Ecole Nationale Supérieure des Industries Agricoles et Alimentaires,</b> (E.N.S.I.A.) Food science and engineering degree.	<i>Paris, FRANCE</i>

## LANGUAGES:

Bilingual **French** and **English, Japanese** (passable)
